

## Arbor Presses

### Single Leverage

- Lever arm allows you to easily change positions comfortably for maximum leverage.
- Convenient front and side gib adjustment.
- 4 Position anvil.
- Heavy duty construction for long lasting reliability.
- Steel pinions and rams.

Capacity (Ton)	Height of Press	Max. Work Diameter	Cap Over Table	Largest Ram	Largest Arbor	Order No.
1/2	10"	6-1/2"	4-1/2"	7-1/2"	1"	MHC7905
1	13"	8"	5-1/4"	9-1/2"	1-1/8"	MHC7910
2	18"	12"	8-1/2"	14"	1-5/8"	MHC7920
3	23"	12"	12-1/2"	18"	1-3/4"	MHC7930
5	35"	17"	18"	27"	2-7/8"	POA

### Ratchet Type

- Ratcheting presses put lever arm in most comfortable position for final application of force.
- Counterweight assures quick return with hand wheel advance.
- Hand wheel advances ram to work.

Capacity (Ton)	Height of Press	Max. Work Diameter	Cap Over Table	Largest Ram	Largest Arbor	Order No.
2	18-1/2"	11-7/8"	3-1/2"	13-1/2"	1-7/8"	POA
3	21-1/2"	12"	12-5/8"	18"	2-1/2"	POA
5	34-1/2"	17"	18-1/4"	27-1/2"	3"	POA

## Precision Level Press

For precision assembly work and for shearing, punching of light stock, metal or plastic.

- Ideal for small-parts and production assembly
- Reted to with stand 1000Lbs. of force
- Hard chromed ram
- Opening 5x2-1/16", ram to column
- Two 1/4" holes are provided in base for anchoring
- Dimensions: 7-3/4x5-1/2x2-7/8"(HxDxW)

Order No. POA

Specifications	
Base size	2.875"Wx5.5"L
Height	7.75"
Capacity	5.125"
Max. Diameter	4.125"
Pressure	0.5 ton
Weight	14LBS

## Throat Level Press

Utilizes a 5/8" diameter precision ground ram, press consists of a ground cast iron base and separate column. the base consists of two mounting holes for 1/4" socket cap screw.

- Throat Clearance: 6"
- Adjustable down stop
- Up stroke limiter
- Pressure 1/4 ton
- Height 7.625"
- Capacity: 5"
- Dimensions: 5x12"(WxL)

Order No. POA

## Hand Puncher

- It is easy to punch a hole in steel plate.
- Punch die is interchangeable.
- Max. Punching Capacity :  
Steel Plate Thickness 8mm, punch Dia. 20mm  
Steel Plate Thickness 10mm, punch Dia. 16mm
- Throat Depth: 160mm.

Order No. 1POA

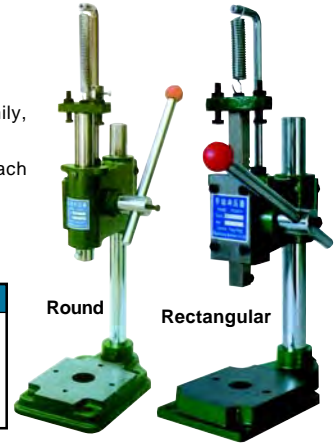

## Hand Punchers

The punch is designed to use in family, school, small factory.

The spring could make the arbor reach "0" position automatically.

Type	Arbors	Order No.
Standard	Rectangular	POA
Heavy Duty	Rectangular	POA
Standard	Round	POA
Heavy Duty	Round	POA

## Sheet Metal Cutter

### Mini Type

For use on mild steel. 16gage capacity.

Adjustable rollers can be used for straight or curved cuts.2"Throat.

Can be mounted to work bench or held in a vise.  
3"x2-1/2" Base with 2 mounting holes. 11"Handle.  
4-3/4" overall height (less handle)

Order No. POA

### Geared Type

For use on mild steel, 16 gage capacity, can be used for straight or curved cuts

Order No. POA

## Hand Operated Wire Cutter

Designed to achieve better surface finish and lower distortion on cutting different size wires.

Feature characters of light weight, simple construction for easy operation and free maintenance. Cutting capacity can be extended by change different cutters.  
Capacity: up to 1/4"/6mm Dia.

Order No. POA
