

EUROPEAN WATER FITTINGS

Manufactured by European standards. Consisting of valved quick release couplings - valved and non-valved nipples, allowing fast, safe and unmessy tool changes. Couplings and nipples manufactured from brass and suitable for temperatures to 200°C. Nipples are designed to be recessed below mould surfaces.

Couplings

a) With Male Barb

TAP SETS

Maintain your moulds with these tap sets.

CODE	DESCRIPTION
TTL9990	1/8" BSPT 2 piece HSS tap set
TTL9991	1/4" BSPT 2 piece HSS tap set
TTL9992	3/8" BSPT 2 piece HSS tap set

MOULDPRO HOSES

Specifically designed for the moulding industry up to 15 bar pressure complete with cut-to-length and crimping of fittings service. 10mm & 13mm ID hose in 50M rolls, 19mm in 30M rolls.

CODE	d1 (mm)	D (mm)	SPECIFICATION	SERVICE	TEMPERATURE RATING
HCT9601	10	16.5	Blue E10B	Water	164°C
HCT9602	10	16.5	Red E10R	Water	164°C
HCT9701	10	16.5	Blue G10B	Water	100°C
HCT9702	10	16.5	Red G10R	Water	100°C
HCT9604	13	21	Blue E13B	Water	164°C
